### FOR IMMEDIATE RELEASE

## ICM PRODUCTS FACILITY TO BE SEEN ON THE FOX BUSINESS NETWORK®

**CASSOPOLIS, MI – MAY 23, 2016:** ICM Products, a premier provider and manufacturer of specialty silicone chemicals is proud to announce it will be presented in an upcoming production of Manufacturing Marvel®, airing on The Fox Business Network® at approx. 9:30-9:44p.m. EST on Thursday, May 26.

Produced by award winning producers Bob and Jerry May and narrated by nationally acclaimed voice talent John Criswell, the 2-minute Manufacturing Marvel® production spotlights American manufacturers in a multitude of industries, and is scheduled to air this week.

Marvel Production Group, LLC (MPG) visited the ICM Products manufacturing facility on May 12, where they were immersed in the company's production, manufacturing and product development methods. While on-site, MPG captured the product development activities of the company as highlighted in its newly constructed laboratory facility as well

the details of ICM Products' precision manufacturing processes. Several of ICM's products will be featured in the video segment as will the full breadth of the the company's manufacturing capabilities.

*"When Manufacturing Marvel® approached us about taping our facility, we thought what an excellent opportunity this would be to visually share our products, processes and capabilities,"* said Jim Cottingham, Chief Executive Officer of ICM Products. *"From our extensive product development function to our world class manufacturing processes both driven by a high performing, high energy team of people is something we take exceptional pride in and we're pleased to showcase ICM Products on The Fox Business Network."*

After its air date, the video will be featured on ICM Product's website, [icmproducts.com](http://icmproducts.com), where more detailed information about the company's products and capabilities can be found.

ICM Products is an industry leader in silicone chemical manufacturing. Known for its extensive technological innovation and stringent quality control capabilities, ICM has developed an extensive line of silicone polymer, defoamer, specialty emulsion and cross polymer gel products for the personal care, food, agriculture, HI&I, printing and mold release industries.
